

PLACEMAKING CHATTERBOX

How to make a chatterbox:

1. Print and cut round outside of chatterbox.
2. Fold in half and in half again.
3. Open out, turn over so top is blank and fold each corner into the middle, turn over again and repeat.
4. Turn over so you can see the coloured circles, slide your thumb and your finger behind 2 of the circles and press together so they bend round and touch.
5. Repeat with the thumb and finger of the other hand for the other two circles. All the pictures should now be at the front with centres touching.

Your chatterbox is now ready for a play.

Choose a colour, then choose a number and answer the question written inside.
Do another round!
